

CITY OF CAPE GIRARDEAU STORMWATER MANAGEMENT PERMIT/APPLICATION INFORMATION SHEET

Please read this information sheet in its entirety.

Development Services recently launched digital plan review. To take advantage of this service, email your completed application form to eplans@cityofcape.org; include a list of consultants who need view access to this project (name, company and email address). You will receive email notification to upload the supporting documentation. No paper submittal is required, but one set of plans will need to be printed after approval for the jobsite. For more information, visit www.cityofcape.org/eplans. There is no additional fee for digital plan review.

If you choose to submit by paper, submit the following items to the Development Services Department for review. If you choose to submit digitally, only one digital version of each item is required. Vector-based PDFs are preferred:

1. Completed Stormwater Management Permit Application
2. Stormwater plans, including erosion and sediment control
3. Stormwater pollution prevention plan (SWPPP)
4. Stormwater calculations
5. Floodplain permit application, if applicable.
6. A copy of the DNR Land Disturbance permit if construction site is 1 acre or more.

Cape Girardeau, Mo. Stormwater Management Regulations (Ordinance No. 253, dated Aug. 15, 2011) require that positive stormwater run-off and erosion control measures must be taken during construction of any stormwater management facility.

Any stormwater management facility for which a permit has been issued as a part of a subdivision improvement plan must be included with as-built drawings and certified to have been constructed accordingly.

Any stormwater management facility for which a permit has been issued individually or as a part of a site development plan must be certified to have been constructed in conformance with the approved drawings prior to issuance of an occupancy permit.
