The City’s Leaf Collection Program consists of 3 Phases:

**Phase 1 (October 1st-31st):** Runs through the month of October where the automated leaf truck travels the entire City continuously on unscheduled routes.

**Phase 2 (November 2nd-January 5th):** The leaf truck runs the routes designated on the brochure map during the dates outlined for each route. The leaf truck will only collect leaves at each residence one time during this phase. To ensure the best service possible during this phase, it is important that residents rake their leaves to the curb before the start date of their route.

Be aware scheduled routes can be effected by weather. Depending on how severe the weather is, collection of leaves for each route may be delayed.

**Phase 3 (January 6th-March 31st):** Begins at the end of Phase 2 when all scheduled routes have been completed at least once and continues through March 31st. The leaf truck will travel the City continuously on unscheduled routes during this phase and may be at each residence more than once.
