CITY OF CAPE GIRARDEAU
ANNEXATION PETITION REQUEST FORM
INSTRUCTIONS

The Annexation Petition Request Form is the first step for anyone seeking to annex property into the Cape Girardeau city limits. It is not the actual annexation petition. City staff must first review the proposed annexation to determine if it meets the City's annexation criteria. If staff determines that the proposed annexation meets the criteria and should be annexed, then a Petition for Annexation, an Annexation Agreement, and an invoice for recording the documents will be prepared and given to the contact person. The documents are then signed by the property owner(s), notarized, and returned to the City, along with payment of the invoice. Upon receipt, the City Manager executes the Annexation Agreement, and both documents are submitted to the County Recorder of Deeds Office for recording.

Once the Petition for Annexation and the Annexation Agreement are recorded, the City may provide the requested service(s). If the area to be annexed is not contiguous to the city limits, then the City will wait until the area becomes contiguous to proceed with the annexation. If the area is contiguous, then the City Council may proceed with acknowledging receipt of the petition and scheduling a public hearing. Prior to the Council's public hearing, the Planning and Zoning Commission holds a public hearing and makes a recommendation on a zoning district for the area, to be effective upon annexation. The City Council then holds a public hearing on the annexation and zoning. After the public hearing, if the City Council decides to annex, then staff will prepare three ordinances for the Council. These ordinances authorize the annexation, zoning, and ward boundary adjustment(s).

If the ordinances pass, then the annexation becomes effective ten (10) days after the date of passage. The City will send a notification of annexation to all parties of interest, and update its GIS mapping system.
