2015 Team Spirit Traffic Safety Leadership Training Conference “20 Years and Still Saving Lives”

The Cape Girardeau Safe Communities Program, in conjunction with MoDOT's Traffic and Highway Safety Division and the Cape Girardeau Police Department will kick-off its annual *Team Spirit Leadership Training Conference* on Sunday July 19, 2015 at the Drury Lodge in Cape Girardeau, MO.

The **Team Spirit Leadership Training Program** is a peer to peer training program designed to empower high school-age youth to take an active role in promoting safe driving habits by *tackling underage drinking, drinking and driving, texting and driving as well as speeding and lack of safety belt use.*

“Motor vehicle crashes continue to be the leading cause of death and injury for youth under the age of 21”, stated Sharee Galnore, Team Spirit Coordinator. “While at the training, each team will develop an Action Plan addressing identified traffic safety concerns at their school and in their community. “We believe that local people solve local problems. Our goal is to educate and empower teens to make a difference and save lives” stated Galnore. Students will return to their high schools, throughout Southeast Missouri, this fall with the plan they developed while at Team Spirit. This plan will address life saving traffic safety measures they will implement at their schools.

Please see attached agenda for more details.

For more information about the Team Spirit Program please contact:
