Limits of Out Lots

The numbers of Out Lots are denominated by large figures.

The room figures show the dimensions of said Lots & the distance of each Lot from the middle of the next Street to correct to ± being made

The Length and Range given in M. Bonne's Projection of United States

The light Black Line figures are the true Magnetic meridian lines

Courses & Distances given by the Deputy Surveyor {differ in part with boundaries on the ground} are in light reeds.

The last figure adjacent the corner of Lots & Blocks, Page & Lots

And the figures in each Range of the Length & Width of the many of the Lots.

● Sandstones as corners

⊠ Limestones as corners

⊡ Corner Stone during in the place of former corners

○ Corner (old) not stood right on one line but many in the city.
